## Maps

A number of maps have been produced and analysed to inform the development of this plan. The maps are geographically accurate and to scale. They are not included in this document, but are referred to as part of this consultation to demonstrate the layers of information that have been gathered. You can view them on our website: [www.visitthames.co.uk/twp](http://www.visitthames.co.uk/twp)

If you have further maps or data that you consider relevant to this plan, please include details as part of your consultation response.
