

Thames Waterway Plan Strategic Sustainability Assessment

Map 12 Bank Protection

- Locks
 - River Thames
 - - - Jubilee River
- Percentage of bank protected with hard protection**
- 1 - 4 %
 - 5 - 17 %
 - 18 - 35 %
 - 36 - 71 %
 - 72 - 100 %

Source:
Information of the proportion of bank that is protected by hard bank protection measures is derived from S. Reed, 1998.

The proportion of hard bank protection includes both intact and failing protection as at the date of survey.

Measurements are made between lock reaches.
